- True athletic apparel built on smaller increments to dial in optimal fit and comfort.
- Designed for a more contouring body fit.
- REVIEW how to pick the best size for your body type, below.

All measurements are approximate

- The MAIN size you want to hone is on, is the ½ - Half Chest.
- WE HIGHLY SUGGEST Measuring a Tech T-shirt you already own, on a flat surface.
- Measure 1/2 chest from center armpit to center armpit.
- Compare those measurements to the chart below.
- Ask us about additional options / fabric combinations & features.

Note: Our custom wear consists of handcrafted pieces. Throughout the production process, minor natural variations in sizing may occur, but these variations should not exceed half an inch in any measurement.
